

Stand-Alone S.A.M. Policy Carriers

Due to an increase in claims involving Sexual Abuse/Molestation (SAM) cases across the US, School's Insurance Group (SIG), the insurance carrier for the Roseville City School District, has advised that all groups looking to use RCSD facilities will need to provide documentation of SAM coverage, in order to rent/lease the facilities.

In many cases, SAM coverage can be added to the General Liability Policy that is already required in order to rent out space with RCSD.

Should your normal insurance carrier decline to add the SAM coverage to your General Liability Policy, or should they not offer SAM coverage, stand-alone policies are available for purchase. Below please find the names & contact information for several insurance carriers/brokers that offer stand-alone SAM policies.

Please note that RCSD has no preference as to which carrier/broker you choose to work with, nor do we require you to choose a carrier from this list. **This list is meant solely as a guide and a starting place for getting you the required coverage.**

*Minimum premium amounts for the required coverage is \$5,000, no matter who the vendor is (policy length of 1 year)

**Policies take 60 days before they go into effect, per industry guidelines
